Whitetail Mannikins Sculptured By Danny Foster

Dear Friends and Customers,

We would like to thank you for your many years of continued support. We will continue to provide you with the best products and the upmost personal service in the industry. We will continue to be the family owned business that our customers have been accustomed to. We invite you to try our many products as well as our new products.

Our products have exceeded the expectations of taxidermists for many years. We think you will agree that our Whitetail forms are by far superior to any other forms on the market.

We welcome your comments and any concerns you may have in order to serve you better. We look forward to working with you in a bright and prosperous future.

Our sincerest thanks,

Danny Foster & Will Foster

IN MEMORY OF BECKY McDONALD

As many of you know, one of our most loyal and trusted employees, Becky McDonald, passed away in 2005 of a brief illness. Becky was much more than an employee, she was like a member of our family. Becky was an employee of Foster Taxidermy Supply for 16 years. Her dedication to our company was evident in every way. Becky's loyalty to our customers was like no other. One of Becky's most valuable traits was her one on one relationship that she shared with our customers. Becky always went above and beyond for Foster Taxidermy Supply. More importantly, we were blessed to have Becky as a true friend.

KNOBLOCH PRODUCTS

■ **Liqua Tan ...qt. \$20.95 ...gal. \$59.95**

Liqua Tan is a complete and permanent tan. fast drying. Compatible with all hide pastes. Excellent stretch. Sets hair. No oily mess. Reduces shrinkage to almost zero. Used by many of the leading taxidermists. Easy to use. Can be mounted the same day or dried and handled as a tanned skin.

- Step 1 - After skinning the head, turn the ears and do a preliminary fleshing job.
- Step 2 - Apply salt liberally to all areas of the skin, and let set overnight.
- Step 3 - Soak in Pre-Tan solution 12 to 24 hours.
- Step 4 - Remove cape from Pre-Tan and finish your fleshing.
- Step 5 - Soak cape in Washing Oil solution 10 to 20 minutes as directed.
- Step 6 - Hang to drain and towel cape dry or tumble.
- Step 7 - Apply the Liqua Tan. Invert cape, hair side out and roll up. Let hide set for 6 to 8 hours.
- Step 8 - Now cape may be mounted or frozen for later.

■ **Liqua Cure ...qt. \$20.95**

For fish and birds. Preserves (tans), degreases, cleans, and removes odors. Also reduces shrinkage. This is a concentrate that is mixed one part Liqua Cure to ten parts water. This product can be reused.

■ **Reptile Tan ...qt. \$22.95**

Tans snakes and other reptiles, leaving them soft and pliable. Easy to use.

■ **Pre Tan #110 ...qt. \$16.95**

Pre tan #110 is used in the salt brine solution to help set hair, to retard bacteria growth, and pre-tan the skin. Helps make shaving easier, produces better and softer leather. Does not require neutralizing. Will not reduce stretch.

■ **Liqua Soft ...qt. \$17.95**

A special tanning oil designed to be used with Liqua Tan when skins are to be used as flat skins or rugs. Helps produce a soft, supple skin. Has special softening agents.

■ **Tanning Oil #1 ...qt. \$16.50**

A bisulfited concentrate, non-oxidizing tanning oil for medium to heavy skins. Highly softening. This product is recommended when tanning with Alum or Lutan F.

■ **Tanning Oil #2 ...qt. \$16.00**

A bisulfited, non-oxidizing tanning oil for light to medium skins. Not a watered down oil. Highly softening. Is recommended when tanning with Alum or Lutan F.

■ **Washing Oil ...qt. \$16.95**

Pickle Oil preps the skin for tanning, degreases and oils at the same time, relaxes, cleans, washed out salt residue, and helps to make softer leather. Can also be used in the fur drum. This product also makes shaving the skin easier.

A concentrated wash that removes and masks unpleasant odors in skins such as bear, antelope, domestic sheep, fox, coyotes, goats, etc.

■ **Finishing Deodorizer ...qt. \$19.95**

Finishing Deodorizer is used for deodorizing tanned skins or finished mounts and rugs. A concentrate that is used full strength.

■ **Stop Slip ...qt. \$13.95**

Will permanently set hair that is loose or starting to slip. Also works excellent for setting the velvet on horns. Spray from an atomizer or sponge on.

■ **Bird Feet Injection Fluid ...qt. \$22.95**

A preservative for injecting into bird feet, wings, feet of small game, and antlers in velvet to reduce shrinkage. Safe to use without offensive odors.

■ **Hair Sheen ...qt. \$16.50**

Gives hair and fur a clean shine. Can be applied directly to the hair or mixed with sawdust in the fur drum. Will also remove grease and grime from hair, giving it a clean smell. Works well on horns.

■ **Antler Stain #1 ...qt. \$12.95**

A stain that builds up gradually. Will give a natural reddish-brown color and will not fade. Alcohol base, can be thinned with water.

■ **Antler Stain #2 ...qt. \$12.95**

Same as above but chocolate brown in color.

■ **Relax R ...qt. \$14.50**

An oil base skin relaxer that can be used in the rehydrating solution, or can be cut with water and applied directly to the skin.

■ **Protex Mount Care ...qt. \$22.95**

For protection of hair, fur, and feathers from moth and other insect damage. Safe and easy to use. Won't wash out. This product is used for new mounts or existing mounts. Protex Mount Care is wiped into the hair or added to the sawdust in the fur drum. This product is not water soluble.

■ **Protex Pre Soak ...qt. \$28.95**

For protection of hair, fur, and feathers from moth and other insect damage. Also cleans and conditions hair. This product is used in the last rinse of the tanning process and in the rehydration bath prior to mounting. Concentrated. Use 1 oz. per gallon of water.

■ **Skin Prep-NBU ...qt. \$22.95**

A highly concentrated bactericide. Is safe to use, biodegradable, odorless and colorless. Highly recommended for bacteria problems which are the main reasons for hair slippage. Use only 1/8 oz. per gallon of solution.
